

## Export Primavera P6 for Grit

First open your Primavera P6 project file. Next, click **File** then click **Export**.  
From the Export window select **Primavera P6 – (XML)** format then click **Next**.

The 'Export' dialog box is titled 'Export Format'. It contains the instruction 'Select the export format.' and a list of radio buttons for different export formats. The 'Primavera P6 - (XML)' option is selected and highlighted with a red box. To the right of the radio buttons are version requirements: '18.8 or later' for Primavera PM, '6.1 or later' for Primavera Contractor, and 'XML 2002/3' for Microsoft Project. At the bottom, there are 'Cancel', 'Prev', 'Next', and 'Finish' buttons. The 'Next' button is highlighted with a red box.

**Export Format**

Select the export format.

☐ Primavera PM - (XER) 18.8 or later

☐ Primavera Contractor - (XER) 6.1 or later

☒ **Primavera P6 - (XML)**

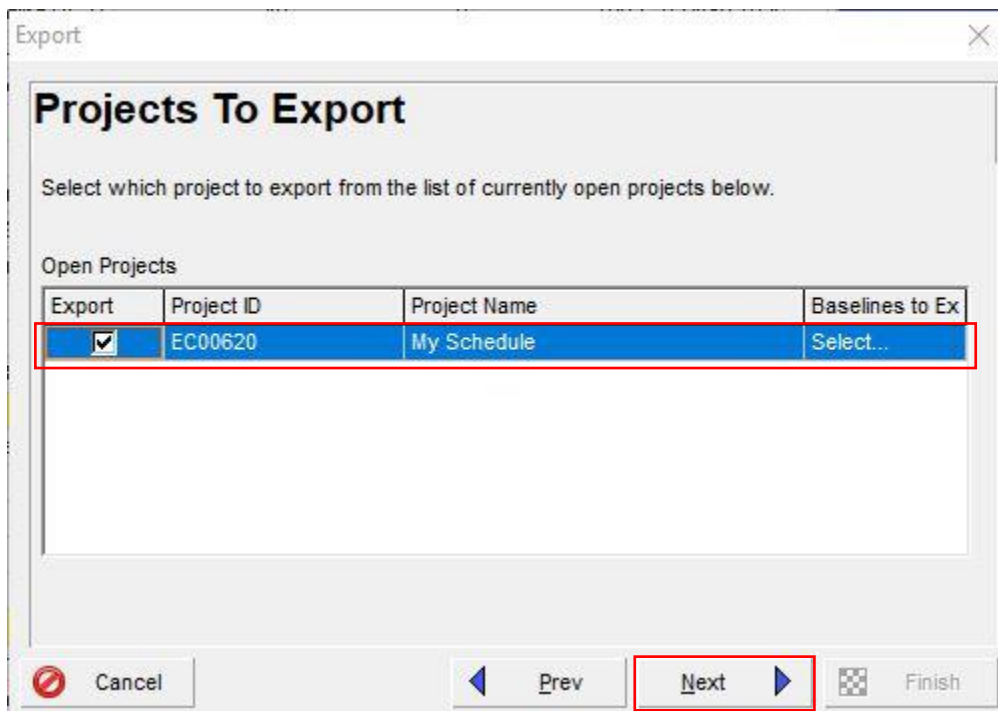

☐ Spreadsheet - (XLSX)

☐ Microsoft Project XML 2002/3

☐ UN/CEFACT Format 6 - (XML)

Cancel Prev **Next** Finish

Confirm that your project is selected and click **Next**.

The 'Export' dialog box is titled 'Projects To Export'. It contains the instruction 'Select which project to export from the list of currently open projects below.' and a table of open projects. The first row is highlighted with a blue background and a red border, showing a checked 'Export' checkbox, Project ID 'EC00620', Project Name 'My Schedule', and a 'Baselines to Ex' dropdown menu. At the bottom, there are 'Cancel', 'Prev', 'Next', and 'Finish' buttons. The 'Next' button is highlighted with a red box.

**Projects To Export**

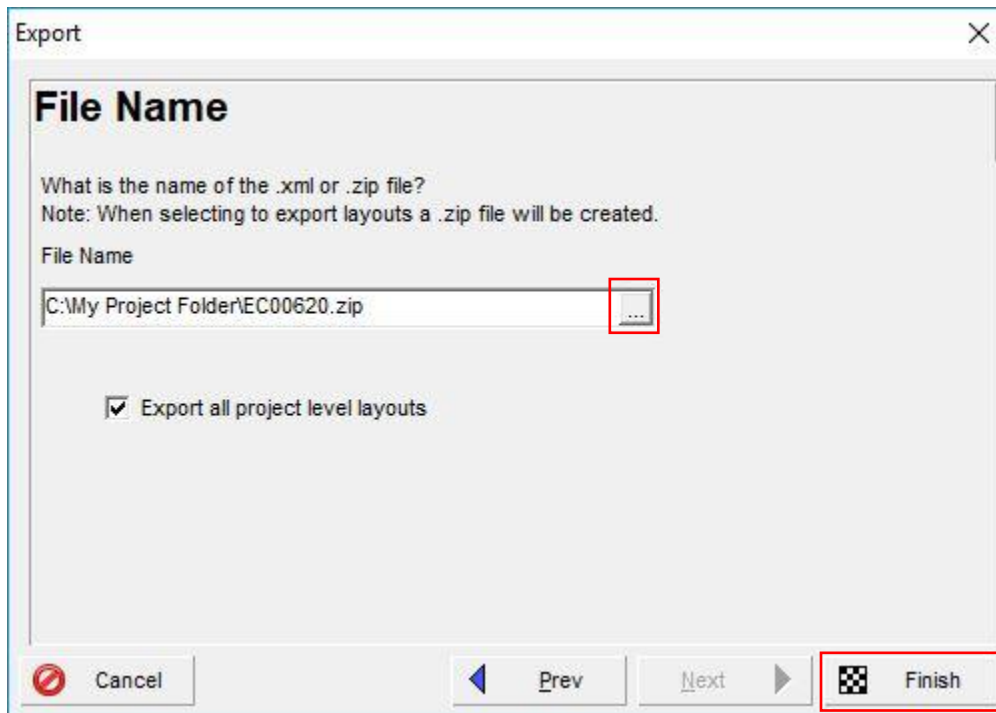

Select which project to export from the list of currently open projects below.

Open Projects

Export	Project ID	Project Name	Baselines to Ex
<input checked="" type="checkbox"/>	EC00620	My Schedule	Select...

Cancel Prev **Next** Finish

Lastly select a location to save your file export then click **Finish**.

The image shows a software dialog box titled "Export" with a close button (X) in the top right corner. The main section is titled "File Name" and contains the text: "What is the name of the .xml or .zip file?" and "Note: When selecting to export layouts a .zip file will be created." Below this is a "File Name" label and a text input field containing "C:\My Project Folder\EC00620.zip". A red rectangle highlights a browse button (three dots icon) at the end of the text field. Below the input field is a checked checkbox labeled "Export all project level layouts". At the bottom of the dialog are four buttons: "Cancel" (with a red circle and slash icon), "Prev" (with a left arrow icon), "Next" (with a right arrow icon), and "Finish" (with a checkered flag icon). A red rectangle highlights the "Finish" button.

Export

### File Name

What is the name of the .xml or .zip file?  
Note: When selecting to export layouts a .zip file will be created.

File Name

C:\My Project Folder\EC00620.zip

☒ Export all project level layouts
